Keep your files private, or send your download links only to friends or family. When you use file, you avoid storing the file you're sending in your cloudstorage or mail server. So try our free and simple filehosting service now. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. We have no filesize limit. filehosting provides an easy possibility for you to send large files to your friends. You can give this download link to your friends by mail or instantnessenger. You can upload any type of file (movies, music, documents, images, zip files and more). You don't need any special software installed to be able todownload your files. You decide who you want to share your files with. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you sharea file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. No account or credit card isrequired to get started. File is free to use with no gotchas and no hidden fees. Unfortunately, we can't make that part free. Using file, you can circumvent thoselimits without paying to upgrade your team chat service. It is also allowed to link to the download page from websites and communities. Files can bedownloaded from any computer from our high speed servers. The cost of that data transfer is covered by your internet service or the data plan on your phone. Just upload the file you want to share with your friends and we send you a download link to your file. Simply upload your file and share the link. Any file inany format can be uploaded and downloaded for free. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many teamchat apps have limits to the size of files that can be transferred within their apps. There are no restrictions on the number of times a file can be downloaded. Alte
