Maybe even better than free.

There are no restrictions on the number of times a file can be downloaded. Using file, you can circumvent those limits without paying to upgrade your teamchat service. Simply upload your file and share the link. Unfortunately, we can't make that part free. File is free to use with no gotchas and no hidden fees.Keep your files private, or send your download links only to friends or family. It is also allowed to link to the download page from websites and communities.Just upload the file you want to share with your friends and we send you a download link to your file. Files can be downloaded from any computer from ourhigh speed servers. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. The cost of that data transfer is covered by yourinternet service or the data plan on your phone. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Noaccount or credit card is required to get started. So try our free and simple filehosting service now. filehosting provides an easy possibility for you to send largefiles to your friends. Any file in any format can be uploaded and downloaded for free. Files transferred the old-fashioned way tend to pile up and be forgottenabout, eventually costing you money in data storage fees. You can give this download link to your friends by mail or instant messenger. We have no file sizelimit. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Our service is completely free for everyone. You decidewho you want to share your files with. You can upload any type of file (movies, music, documents, images, zip files and more). Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from ourservers to your friends device. You don't need any special software installed to be able to download your files. If only we could, we surely would! On the otherhand, using file can actually save you money. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat appshave limits to the size of files that can be transferred within their apps.
