Maybe even better than free.

Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Keep your files private, or send your download links only to friends or family. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. We have no file size limit. You can give this download link to your friends by mail or instant messenger. No account or credit card is required to get started. It is also allowed to link to the download page from websites and communities. The cost of that data transfer is covered by your internet service or the data plan on your phone. filehosting provides an easy possibility for you to send large files to your friends. Alternatively you can choose to share yourdownload links on blogs, forums and social networking sites. Files can be downloaded from any computer from our high speed servers. Just upload the file youwant to share with your friends and we send you a download link to your file. There are no restrictions on the number of times a file can be downloaded. Ourservice is completely free for everyone. Unfortunately, we can't make that part free. When you use file, you avoid storing the file you're sending in your cloudstorage or mail server. You don't need any special software installed to be able to download your files. So try our free and simple filehosting service now. Thisis easy, fast and reliable filehosting! You don't need any kind of premium-accounts. If only we could, we surely would! On the other hand, using file canactually save you money. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Fileis free to use with no gotchas and no hidden fees. Simply upload your file and share the link. Any file in any format can be uploaded and downloaded for free.You can upload any type of file (movies, music, documents, images, zip files and more). Using file, you can circumvent those limits without paying to upgradeyour team chat service. You decide who you want to share your files with.
