Maybe even better than free.

You don't need any special software installed to be able to download your files. Any file in any format can be uploaded and downloaded for free. It is also allowed to link to the download page from websites and communities. When you use file, you avoid storing the file you're sending in your cloud storage ormail server. Alternatively you can choose to share your download links on blogs, forums and social networking sites. If only we could, we surely would! On theother hand, using file can actually save you money. Simply upload your file and share the link. Why pay storage fees for a file that you just wanted to send to afriend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. This is easy, fast and reliable filehosting!You don't need any kind of premium-accounts. File is free to use with no gotchas and no hidden fees. Just upload the file you want to share with your friendsand we send you a download link to your file. You can upload any type of file (movies, music, documents, images, zip files and more). You decide who youwant to share your files with. filehosting provides an easy possibility for you to send large files to your friends. Files can be downloaded from any computerfrom our high speed servers. Unfortunately, we can't make that part free. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When youshare a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Using file, you cancircumvent those limits without paying to upgrade your team chat service. The cost of that data transfer is covered by your internet service or the data plan onyour phone. Our service is completely free for everyone. Keep your files private, or send your download links only to friends or family. There are norestrictions on the number of times a file can be downloaded. You can give this download link to your friends by mail or instant messenger. No account orcredit card is required to get started. We have no file size limit. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costingyou money in data storage fees. So try our free and simple filehosting service now.
