Maybe even better than free.

It is also allowed to link to the download page from websites and communities. Using file, you can circumvent those limits without paying to upgrade yourteam chat service. There are no restrictions on the number of times a file can be downloaded. filehosting provides an easy possibility for you to send large filesto your friends. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Any file inany format can be uploaded and downloaded for free. Keep your files private, or send your download links only to friends or family. The cost of that datatransfer is covered by your internet service or the data plan on your phone. You can give this download link to your friends by mail or instant messenger.Alternatively you can choose to share your download links on blogs, forums and social networking sites. So try our free and simple filehosting service now. Ifonly we could, we surely would! On the other hand, using file can actually save you money. This is easy, fast and reliable filehosting! You don't need any kindof premium-accounts. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. We have no file size limit. Just uploadthe file you want to share with your friends and we send you a download link to your file. You don't need any special software installed to be able to downloadyour files. File is free to use with no gotchas and no hidden fees. Simply upload your file and share the link. Why pay storage fees for a file that you just wantedto send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Unfortunately, we can'tmake that part free. You decide who you want to share your files with. Files can be downloaded from any computer from our high speed servers. No account orcredit card is required to get started. You can upload any type of file (movies, music, documents, images, zip files and more). Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from ourservers to your friends device. Our service is completely free for everyone.
