There are no restrictions on the number of times a file can be downloaded. You can upload any type of file (movies, music, documents, images, zip files and more). Our service is completely free for everyone. You don't need any special software installed to be able to download your files. We have no file size limit. It is also allowed to link to the download page from websites and communities. The cost of that data transfer is covered by your internet service or the data planon your phone. Files can be downloaded from any computer from our high speed servers. filehosting provides an easy possibility for you to send large files toyour friends. So try our free and simple filehosting service now. File is free to use with no gotchas and no hidden fees. Simply upload your file and share thelink. Just upload the file you want to share with your friends and we send you a download link to your file. Alternatively you can choose to share yourdownload links on blogs, forums and social networking sites. No account or credit card is required to get started. Any file in any format can be uploaded anddownloaded for free. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between yourcomputer or phone and our servers, then from our servers to your friends device. Why pay storage fees for a file that you just wanted to send to a friend orcolleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Files transferred the old-fashioned way tend topile up and be forgotten about, eventually costing you money in data storage fees. This is easy, fast and reliable filehosting! You don't need any kind ofpremium-accounts. You can give this download link to your friends by mail or instant messenger. Unfortunately, we can't make that part free. Using file, youcan circumvent those limits without paying to upgrade your team chat service. Keep your files private, or send your download links only to friends or family. When
