Maybe even better than free.

Just upload the file you want to share with your friends and we send you a download link to your file. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Keep your files private, or send your download links only to friends or family. Unfortunately, we can't make that part free. No account or credit card is required to get started. It is also allowed to link to the download page from websites and communities. You can upload any type of file (movies, music, documents, images, zip files and more). Thereare no restrictions on the number of times a file can be downloaded. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Files can be downloaded from any computer from our high speed servers. Using file, you can circumvent those limits without paying to upgrade your team chat service. filehosting provides an easy possibility for you to send large files to your friends. We have no file size limit. Our service is completely freefor everyone. Simply upload your file and share the link. So try our free and simple filehosting service now. Alternatively you can choose to share yourdownload links on blogs, forums and social networking sites. You decide who you want to share your files with. File is free to use with no gotchas and nohidden fees. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Your wallet willbe none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, thenfrom our servers to your friends device. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. If only we could, we surelywould! On the other hand, using file can actually save you money. The cost of that data transfer is covered by your internet service or the data plan on yourphone. Any file in any format can be uploaded and downloaded for free. You can give this download link to your friends by mail or instant messenger. Youdon't need any special software installed to be able to download your files.
