Maybe even better than free.

We have no file size limit. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. It is also allowed to link to the download page from websites and communities. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Any file in any format can be uploaded and downloaded for free. There are no restrictions on the number of times a file can be downloaded. Our service is completely free for everyone. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Keep your files private, or send your download links only to friends or family. File is free to use with no gotchas and no hidden fees. You don't need any special software installed to be able to download your files. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Noaccount or credit card is required to get started. The cost of that data transfer is covered by your internet service or the data plan on your phone. Just upload thefile you want to share with your friends and we send you a download link to your file. You decide who you want to share your files with. Using file, you cancircumvent those limits without paying to upgrade your team chat service. You can upload any type of file (movies, music, documents, images, zip files andmore). So try our free and simple filehosting service now. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing youmoney in data storage fees. If only we could, we surely would! On the other hand, using file can actually save you money. Unfortunately, we can't make thatpart free. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. filehosting provides an easy possibility for you tosend large files to your friends. Files can be downloaded from any computer from our high speed servers. Simply upload your file and share the link. You cangive this download link to your friends by mail or instant messenger.
