Maybe even better than free.

Files can be downloaded from any computer from our high speed servers. We have no file size limit. Alternatively you can choose to share your download links on blogs, forums and social networking sites. You don't need any special software installed to be able to download your files. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. When you use file, you avoid storing the file you're sending in yourcloud storage or mail server. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees.Keep your files private, or send your download links only to friends or family. Using file, you can circumvent those limits without paying to upgrade your teamchat service. No account or credit card is required to get started. There are no restrictions on the number of times a file can be downloaded. Just upload the fileyou want to share with your friends and we send you a download link to your file. File is free to use with no gotchas and no hidden fees. If only we could, wesurely would! On the other hand, using file can actually save you money. The cost of that data transfer is covered by your internet service or the data plan onyour phone. It is also allowed to link to the download page from websites and communities. Our service is completely free for everyone. Your wallet will benone-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then fromour servers to your friends device. filehosting provides an easy possibility for you to send large files to your friends. You decide who you want to share yourfiles with. Simply upload your file and share the link. Unfortunately, we can't make that part free. You can give this download link to your friends by mail orinstant messenger. Any file in any format can be uploaded and downloaded for free. So try our free and simple filehosting service now. You can upload anytype of file (movies, music, documents, images, zip files and more).
